## PRESS RELEASE

### First New England Realty Group, LLC and Go Modular, Inc. Announce

#### Marketing Agreement for GREEN Modular Homes

Wrentham, MA, May 24, 2010, **First New England Realty Group, LLC and Go Modular, Inc.** announce a Marketing Agreement for the design and delivery of Green Modular Homes to their customers. The agreement provides for the companies to work together to provide factory built homes that contain leading edge GREEN features and a low carbon footprint for their customers.

Home sizes begin at 1500 square feet, will be precision built and will have Energy Star compliant features and upgrades, which include Geothermal and Air-Based Heat Pump renewable energy sources for HVAC, Solar Photovoltaic Electricity and Solar hot water heat. "Homes can no longer be built without considering life cycle costs and environment impacts. First New England Realty Group has selected Go Modular as its supplier of efficiently designed homes which provide the owners a safe, economical and environmentally friendly GREEN living space." said Daniel J. Capone, President, First New England Realty Group, LLC.

"Go Modular, a NAHB Certified Green company, is the leading supplier of modular homes in the northeast and the only provider of Modular Homes constructed with Structural Insulated Panels (SIP). Go modular has advanced the efficiency of its homes by providing this optional proprietary building technology that more than doubles the energy efficiency of the home. We have delivered over 1000 homes and are happy to work with First New England Realty Group" commented 'Saki' Pitliangas, President, Go Modular, Inc.

First New England Realty Group, LLC is a member of the US Green Building Council and specializes in Internet Marketing and Real Estate Development in the southern New England area. It has grown from a startup company in 2003 to the leading independent Real Estate Brokerage firm in the area since 2007.

Go Modular, Inc is a leading modular home "design/build" company headquartered in Dartmouth, MA. For over 25 years Go Modular has delivered quality constructed homes throughout the northeast. They have combined Modular and SIP technologies to create the next generation GREEN homes for the next generation of environmentally conscious home buyers.
